Dear Friends,
Lakes Region Habitat for Humanity's goal is to eliminate poverty housing by building adequate housing for those who need it. But **we can't do it without your help.** Please say yes I want to help put a roof over the head of a child in need and lend a helping hand to build simple, decent and affordable Habitat homes for families in need in the Lakes Region. Today's building costs in the Lakes Region:
 -a house on the lake costs \$210 a square foot
 -a house in town \$140 a square foot
-a Habitat for Humanity house approximately \$70 a square foot.
